

WILL PUT AN END TO DYSPEPSIA AND STOMACH DISTRESS FOREVER

Miserable indeed is the man or woman whose digestive system is unstrung—who goes to the table and cannot eat or what little is eaten seems to fill them and lays like a lump of lead in the stomach, refusing to digest.

If you, dear reader, suffer this way and will put on your wraps now and get from your pharmacist a 50-cent case of Pape's Diapepsin and eat one 22-grain Triangule after your next meal, you would appreciate, five minutes later, how long you suffered unnecessarily.

There will be no more indigestion—no misery in the stomach—no sour risings or Belching of Gas, no Heartburn, Flatulency or Eructations of undigested food and acid or feeling of Nausea, Fullness, Headache or other symptoms of a weakened Stomach.

Stomach trouble and indigestion vanish like snow before the blazing sun.

When Diapepsin works your Stomach rests—gets itself in order. Diapepsin purifies and sweetens a sour stomach and freshens the intestines without the use of Laxatives, and what is more, it increases the gastric juices. This is what your stomach is begging for—more and better digestive juices. This is what makes you hungry and want to eat, and you can rest assured what you then eat will be taken care of properly and not left in the stomach to ferment and turn to gas and acid, and poison the breath with nauseous odors.

Get a 50-cent case from your druggist now—you ought to have Diapepsin about the house always. Should one of your family eat something which does not agree with him or her, or for a Sour Stomach or Excessive Gas, one Triangule will always give immediate relief.

MARINE CORPS PROVISION

House Committee on Naval Affairs Intends to Put the Men Back Aboard Ships.

Washington, Jan. 16.—In reporting the naval appropriation bill to the house today the committee on naval affairs fixed the amount needed for the maintenance of the naval service during the fiscal year 1910 at \$135,662,888, as compared with \$122,662,485, the present appropriation. The bill contains recommendations for an increase of the navy by two 26,000-ton battleships, five torpedo boat destroyers, four submarine boats and four fleet colliers are also provided. A provision tacked on to the \$2,872,270 appropriation for enlisted men in the marine corps requires that "hereafter officers and enlisted men of the marine corps shall serve as heretofore on board battleships and armed cruisers, and also upon such other vessels of the navy as the president may direct, in detachments of not less than 8 percentum of the strength of the enlisted men of the navy on said vessels.

Important legislation in regard to the employees at navy yards is recommended in the interest of efficient administration.

Try This Laxative For Your Baby

Thousands of mothers are being racked and worn by the worry of sick children. Have you ever thought of looking to the condition of their stomach and bowels? There lies the basis of all health. You do not feel well when your stomach is weighted with matter that should have been expelled hours or days ago. How much worse does the unreasoning child feel? They Were Cured By Dr. Caldwell's Syrup Pepsin.

From birth my daughter was troubled with constipation and sick headache. We tried many things but the doctor prescribed Dr. Caldwell's Syrup Pepsin. In six months we gave her three 50-cent bottles, and the trouble is gone. She eats heartily and gained several pounds in weight, and has no more trouble of any kind from her stomach or bowels. Mrs. Myrtle Mather, Chicago, Ill.

When my little daughter was five or six months old she was ill all the time with what the doctor called indigestion. They could do nothing for her. Through a friend's urging I commenced giving Dr. Caldwell's Syrup Pepsin, since which time she has had no other medicine and she has had no further sick spells. I think we owe her life to Dr. Caldwell's Syrup Pepsin. We are now also giving this remedy to our little boy, who is now five years old. Mrs. Cora Stout, Logansport, Ind.

In regard to Dr. Caldwell's Syrup Pepsin, it affords us pleasure to say that we have used it in our families, both with children and adults with the best of satisfaction. We recommend it to our customers and have never had a dissatisfied customer. Hence, shall continue doing so.—Smith & Lawrence, Newton Falls, O.

I tried the sample of Syrup Pepsin you sent, then purchased a 50-cent bottle. It has helped my little girl so much and given her an appetite. I also have taken it myself and think it is a splendid food for the stomach.—Mrs. K. L. Stout, Louisville, Ky.

I received the sample bottle of Syrup Pepsin as ordered from you. My little girl used it and I was pleased with the results.—Jno. W. Dunham, Apple Creek, Ohio.

WILL TO INVAD THE DOMINION

Waiting for Charter to Extend the Great Northern Road Into Winnipeg.

Montreal, Jan. 16.—The situation as regards J. J. Hill's threatened invasion of western Canada, as announced from Winnipeg, is understood by railroad men to be the same as it was before the general depression interrupted the activity in railroad construction.

Mr. Hill had a considerable property in Winnipeg which was intended to be used as terminals for the new lines that were to be built from the border up to the city, under a charter which was to be obtained by Canadian promoters. Parliament has not yet granted the charter, and nothing has been done to give particular effect to the scheme.

Waiting for Charter.

St. Paul, Minn., Jan. 16.—President L. W. Hill of the Great Northern railroad, on being asked regarding the truth of the statement that the Great Northern railway would invade Winnipeg and extend its line west through Manitoba to the coast, said:

"It has been known for some time that we have acquired about \$1,000,000 worth of terminal property in Winnipeg, also that we are asking a charter from the Dominion government for the right to construct a line from the Canadian boundary into Winnipeg, a distance of about seventy miles. It is not true that we are going to build a line to St. Paul and Minneapolis, for we already run to the Canadian boundary from here. As to the western extension in Manitoba, we have had construction work going on there for a long time. There is really nothing new at all."

CONTINUES TO CARRY GUN

Thornton J. Hains Not Cured After Having Twice Been Tried on Murder Charge.

New York, Jan. 15.—Thornton J. Hains, acquitted yesterday of complicity in the murder of William E. Annis, was quoted today as saying that he "would willingly do it over again."

"If my brother, the major, here, got into trouble and needed me, I'd do the same thing," Hains is said to have added.

Hains was asked whether, after he had twice been tried on the charge of murder, he would continue to carry a revolver.

"Certainly, I'll carry a gun," he answered. "A man cannot tell when he might have to use it."

"Being on trial for your life," he added, "is like a game of poker. The accused gets in holding a pair of deuces and the prosecution holds three aces. It is all in the draw. I have been asked if the night before last, while the jury was out, was not the worst I ever spent. It was not, by any means. I have spent nights on shipboard in storms that were much more nerve-wrecking. I was not worried that night about the jury. Quite early I got word from a 'cop' who had been in the jury room window that the jury stood nine to three in my favor. But I would not have given a nickel for my chances when the jury went out."

WILL APPEAR FOR TRIAL.

Charles Barber and Sumner G. Moon Booked for Trial in Idaho.

Madison, Wis., Jan. 16.—Judge K. M. Landis, in deciding the case of Charles Barber and Sumner G. Moon, charged with conspiracy in land frauds in Idaho, as to whether they would be compelled to go to Idaho for trial, held today that they must go. He says that the indictment is sufficient to warrant him taking this position. Both of the defendants furnished bail for \$10,000, and will appear for trial in Idaho in March.

SYSTEM TO BE ABOLISHED.

Topeka, Kan., Jan. 16.—"Contract labor will be abolished as the Lansing University hereafter," said Governor Stubbs today, after a conference with Warden Haskell and the directors of the Kansas penitentiary. "We have also decided not to renew the contract for keeping the Oklahoma prisoners," he added.

ENTITLED TO A FAIR TRIAL

Harry K. Thaw Will Be Given an Opportunity to Prove That He Is Now Perfectly Sane.

Nyack, N. Y., Jan. 16.—Harry K. Thaw will be given a trial in New York City to determine whether he is sane or insane. An order to that effect was issued today by Justice A. S. Tompkins, to whom an appeal asking for a trial was made by Mrs. William Thaw, Harry's mother.

Under Justice Tompkins' direction he will not be given a trial by jury. Mrs. Thaw's petition requested such a hearing, but as Justice Mills had already refused to grant a similar request, Justice Tompkins denied that portion of the petition and ordered that the case be heard before a court or judge of New York City, with or without the assistance of a referee, as the trial judge may decide.

The questions presented to Justice Tompkins for his decision include the validity of the commitment, the present mental condition of the prisoner, and whether it is now safe for him to be at large.

Justice Tompkins decided that he will not consider the question of validity, as that has already been passed upon adversely by Justices Morchauer and Mills, and is now on appeal to the appellate division.

The question of Thaw's present sanity, Justice Tompkins says, is entitled to be fairly tried and determined.
